

ENTRY CRITERIA

SAA Membership
Current Medical Certificate
Club Diver

COURSE DETAILS

Two-day regionally organised course introducing the candidates to the techniques and safety requirements of classroom and swimming pool lessons.
Based mostly in the classroom candidates are divided into small syndicates to develop theory and skills presentation techniques, build confidence and learn to deliver a given subject in a progressive and constructive manner.
Some swimming pool work delivering skill lessons.

COSTS

Two-day course as set regionally

OUTCOME

Successful candidates may take club trainees through pool training and lectures on theory or skills up to their own diver grade under the guidance of a Club Instructor or higher. They may not assist in open water instruction.
